Time: N/A

08-22-2023 FRAUD
LOCATION: 1000 Jonas, Allen Park 48101
STOLEN: \$740.00 from DFCU Bank Account
DETAILS: Dispatched to 1000 Jonas on 08-22-2023 regarding a Fraud Complaint. Victim stated he was scammed out of \$740.00 by scammers acting like they worked for McAfee Antivirus Company.

Victim received an email about his virus protection is due and he has several laptops that need it. The scammers first asked Victim to go get money cards with the green dot on them but instead the Victim gave them his checking account info thinking he was paying \$502.00 for the antivirus. He then found out they took \$740.00 dollars from his account and not the \$502. This was supposed to be for a subscription renewal for McAfee and was in fact a scam. Victim's wife works at DFCU and they transferred all money to another account at this time. Two males claimed to work for McAfee but nothing further at this time. Victim just wanted a report on file and understands he is out the \$740.00 dollars.

ALLEN PARK ATHLETICS

ON THE SIDELINE: NEWER CARS, A ROAD ATLAS, HIGH-TECH GADGETRY AND A GAL NAMED CORI

By Don Richter
drichter101@comcast.net

I bought a new car last week.

Well, a newer car, I should say. I fell in love with a gal named "Cori." Cori's full name is a 2021 Buick Encore SUV. Like ships at sea, aren't cars nicknamed after women? I don't know, but every vehicle I've ever owned had a female nickname or at least a female-sounding nickname.

"Cruzic," "Escapie," "Tori," are a few nicknames I've given the past few vehicles I've driven. I know, all those names are a stretch, female-name-wise, but in my mind the vehicles I've owned have always been women.

So now I'm with "Cori." She's definitely the smartest and most technological advanced gal I've ever had, vehicle-relationship-wise. Heated seats? Never knew I needed them, but apparently now I do.

Back-up screen?

Again, never knew I needed one, but I have one now. I still use this thing called a rear view mirror and a twisted neck to see what's behind me as I back up, but my new gal, "Cori" keeps offering me all these new-fangled gadgets and gizmos to assist me. She beeps and throws a fit if I get too close to the car in front of me and screams in my ear if I drift into the other lane. It's all fine and dandy, but I must admit, I'm already growing tired of her constant "chatter."

And I must say, when did it become normal to start your vehicle by pushing a button? I feel absolutely lost without a set of car keys. No more turning the ignition for this guy. It's very odd for me. It's been a week now since I bought "Cori" and I'm still not used to the pushing-a-button-to-start-my-vehicle thing.

Also, now I can just move my foot back and forth underneath the back bumper to open my hatch door. So far, I've refused to use that option. It doesn't feel too manly doing that, in my opinion.

Everything about "Cori" is easy and seamless. It's almost too easy. I swear, the

leather seats I get to sit on every time I get behind the wheel are actually quite nice. I must admit, it's like driving around on my living room couch.

The technology available at my fingertips with "Cori" is mind-boggling, to say the least. I swear I have more high-tech gadgetry at my disposal than a NASA spacecraft. Sadly, more than likely, I will never use any of the technology.

I'm not very tech savvy to begin with. The car salesperson went over all the high tech-wizardry available with "Cori" and my eyes glazed over within the first minute. Call me old-fashioned, but I just need a reliable vehicle that'll get me from A to B safely and smoothly. Unless the vehicle can fly, I really don't need all of the high-tech gizmos.

All of the tech is actually a bit distracting to me. And being distracted while driving is never a good thing, right? Cell phones, texting, emails, calls and everything else under the sun but paying attention to driving and the road ahead is a recipe for disaster if you ask me.

My first car I ever owned had an AM/FM

radio and that was it, technology-wise. I had no power steering or power windows or locks. Heck, if it was raining, I had to lean out my side window just to see the road. I'm kidding, my wipers actually worked. Sorry, I got a little carried away. I had no power mirrors or heated seats. I had to use a key to open my trunk. I had a map of the state of Michigan in my glove com-

partment. I still keep a map of Michigan in my glove compartment to this day. Old habits never die.

I'm proud of the fact I drove from Michigan to California and from California back to Michigan when I was 21 years old using only a road atlas and common sense. I didn't need "no technology" then and I still don't now.

But I guess it is nice

for most people. And it's always a good thing to improve and get better and more efficient. My "Cori" is one amazing gal. I'm honored to be her driver.

I bought a newer car last week.

I can't wait to drive her all over the state and the country.

Now where's that road atlas of mine...

Obituaries Elaine Marie MacEachern

Elaine Marie MacEachern, 83, of Rothbury, passed away peacefully on September 15, 2023. Elaine was born October 11, 1939, to William David and Margaret (Zillich) Goldsworthy, at Deaconess Hospital in Detroit. Elaine was a 1957 graduate of Allen Park High School, continued her education in Detroit, and then at Henry Ford Community College, in Dearborn, during her employment at Ford Motor Company.

In her 20's, Elaine was married for roughly 8 years; in that time she was blessed with her daughter. She worked for Ford Motor Company as an Executive Secretary in Dearborn. Elaine often took her daughter to work with her on the weekends and sat her down on a typewriter to "work." Many of her closest friends were made at Ford, or as she called it, "Fords." Elaine eventually left for medical retirement.

Elaine always kept

in touch up until the end with some of her closest friends from Allen Park, and on Larme St. where she grew up. She had a large collection of pen pals, about 32 of them. Elaine even traveled to visit some of them, including a trip to Wales and Scotland. She loved to travel and collect mementos. Elaine traveled to Florida for many years, and especially loved going to the Florida Keys with her family.

During the last half of the 1980's and beyond, Elaine spent much of her time babysitting and making life-long friends with some of the parents. She cherished taking care of those little ones very much, for all the years she was able.

Elaine lived in Dearborn Heights for most of her life until moving to West Michigan to be with her daughter, son-in-law, and grandchildren. She bought a home with a pool, and swimming and soaking in the sunshine were her greatest passions. Elaine

also enjoyed crocheting, and was a proud member of the Red Hat Club.

In her later years, Elaine loved spending time with her grandchildren, and attending their sports and events. With the help of her daughter and family she discovered farm animals, rescue dogs, and learned that she especially loved the farm life. Elaine eventually moved in with her daughter's family and enjoyed contributing to farm chores well into her last year of life.

Elaine is survived by: her daughter, Melissa (Jeffrey) Olstrom; granddaughter, Piper Laine Olstrom; grandson, Graysen William Olstrom; sister, Nancy (Goldsworthy) Muschott; and nephew, Eric Muschott.

Elaine was preceded in death by: her parents, William David and Margaret (Zillich) Goldsworthy; and her brother-in-law, Barney Muschott.

In lieu of flowers, memorial contributions may be made to Doctors Without Borders, <https://www.doctorswithoutborders.org/get-involved/ways-to-give>, in memory of Elaine.

In accordance with Elaine's wishes, cremation has taken place, and a Celebration of Life will be held at a later date.

Beacon Cremation & Funeral Service, White Lake Chapel, is in charge of arrangements. www.beaconfh.com

Henry Ford-GoHealth Urgent Care Opens New Center in Taylor

New center expands access to affordable, on-demand urgent care for Downriver residents

From: Haley Dowell haley@bergassociatesnw.com, 503-867-6717

Henry Ford-GoHealth Urgent Care opened a new center Downriver today at 23600 Eureka Road in Taylor. The new location provides the community with a more affordable option for safe and efficient urgent care outside the

higher-cost setting of an emergency department.

“Convenient access to affordable, high-quality healthcare is critical for building strong families and communities in southeast Michigan,” said Laurie Dietzel, Market Vice President, Henry Ford-GoHealth Urgent Care. “We are thrilled to open a center in Taylor

that will expand access to care for Downriver residents and continue improving the health of Metro Detroit.”

Henry Ford-GoHealth Urgent Care centers offer in-person and virtual treatment for non-life-threatening illnesses and injuries, on-site X-ray services, COVID-19 testing and flu vaccines. Healthcare providers can also prescribe and fill COVID-19 oral antiviral treatments if clinically indicated af-

ter evaluation.

The new center in Taylor, located in the Eureka Plaza shopping complex between Telegraph Rd. and Rancho Blvd., is the 15th Henry Ford-Go Health location to open in Metro Detroit.

“Every new location makes us more available to patients where and when they need us,” said Dr. Jerome Finkel, Senior Vice President and Chief Primary Health Officer for Henry Ford

Health. “In addition to offering the community access to high-quality urgent care services, we are also offering them access to Henry Ford’s robust network of care.”

Henry Ford-GoHealth Urgent Care centers are open 8 a.m. to 8 p.m. Monday through Friday and 9 a.m. to 5 p.m. Saturday and Sunday. Patients can be seen quickly and easily in person by walking in or going online to save a spot and

pre-register. Virtual visits are also available for patients to access care from home.

Henry Ford-GoHealth centers are also open in Berkley, Bloomfield Hills, Bruce Township, Canton, Chesterfield, Clinton Township, Dearborn Heights, Fraser, Livonia, Southfield, Southgate and West Bloomfield. For details about all Henry Ford-GoHealth locations, visit gohealthuc.com/henry-ford.
