# Chelsea Senior Center's Gifts of Autumn Fundraiser

Friday,  
October 23,  
9-9:30 am via  
ZOOM

2020 has been one for the history books! Despite hurdles imposed by the pandemic, CSC has continued to enhance the quality of life and well-being for area seniors and their families. Even though we had to cut back on some programs, we are still here every day providing over 100 creative ways per month to keep our 1,000 members active and engaged. And we are still delivering over 500 Meals on Wheels per month for the home-

bound. Join us for a brief review of 2019, a re-cap of 2020 to date, and hear our plans for 2021. Please call to register for 2020's remote GOA fundraiser. If you can't make the event and would still like to make a tax-deductible donation to the Center, you can do so on our website or by sending a check. Thank you for your support! PROPOSAL SECTION - STATE PROPOSALS

##### STATE PROPOSAL 20-1

A proposed constitutional amendment to allow money from oil and gas mining on state-owned lands to continue to be collected in state funds for land protection and creation and maintenance of parks, nature areas, and public recreation facilities; and to describe how money in those state funds can be spent.

This proposed constitutional amendment would:

- Allow the State Parks Endowment Fund to continue receiving money from sales of oil and gas from state-owned lands to improve, maintain and purchase land for State parks, and for Fund administration, until its balance reaches \$800,000,000.
- Require subsequent oil and gas revenue from state-owned lands to go into the Natural Resources Trust Fund.
- Require at least 20% of Endowment Fund annual spending go toward State park improvement.
- Require at least 25% of Trust Fund annual spending go toward parks and public recreation areas and at least 25% toward land conservation.

Should this proposal be adopted?

##### STATE PROPOSAL 20-2

A proposed constitutional amendment to require a search warrant in order to access a person's electronic data or electronic communications.

This proposed constitutional amendment would:

- Prohibit unreasonable searches or seizures of a person's electronic data and electronic communications.
- Require a search warrant to access a person's electronic data or electronic communications, under the same conditions currently required for the government to obtain a search warrant to search a person's house or seize a person's things.

Should this proposal be adopted?

##### COUNTY PROPOSAL

**PROPOSITION TO AUTHORIZE THE RENEWAL AND RESTORATION OF A 0.25 MILL FOR THE PURPOSE OF PURCHASING NATURAL AREAS IN ORDER TO PRESERVE THEM, PAYING THE COSTS OF OPERATING A LAND PRESERVATION PROGRAM AND PAYING THE COSTS OF MAINTAINING THE LAND PURCHASED**

"Shall the limitation on taxes which may be imposed each year for all purposes on real and tangible property in Washtenaw County be increased as provided in Section 6, Article 9 of the Michigan Constitution and the Board of Commissioners be authorized to levy a tax not to exceed one fourth of a mill (\$0.25 per \$1,000 of state equalized valuation) on the taxable value of such property for a period of ten years beginning with the levy made on December 1, 2021 (which will generate estimated revenues of \$4,407,196 in the first year) for the purpose of purchasing natural areas in order to preserve them, paying the costs of operating a land preservation program and paying the costs of maintaining the land purchased? Of the 0.25 mill, 0.2341 represents a renewal of that portion of a 0.25 mill authorization previously approved by electors as reduced by operation of the Headlee Amendment, and 0.0159 represents new millage in the amount equal to the amount reduced by operation of the Headlee Amendment."

**LOCAL SCHOOL DISTRICT PROPOSAL**

**CHELSEA SCHOOL DISTRICT OPERATING MILLAGE RENEWAL PROPOSAL**

This proposal will allow the school district to continue to levy the statutory rate of not to exceed 18 mills on all property, except principal residence and other property exempted by law, required for the school district to receive its revenue per pupil foundation allowance and renews millage that will expire with the 2020 tax levy.

Shall the currently authorized millage rate limitation of 19.1533 mills (\$19.1533 on each \$1,000 of taxable valuation) on the amount of taxes which may be assessed against all property, except principal residence and other property exempted by law, in Chelsea School District, Washtenaw and Jackson Counties, Michigan, be renewed for a period of 6 years, 2021 to 2026, inclusive, to provide funds for operating purposes; the estimate of the revenue the school district will collect if the millage is approved and 18 mills are levied in 2021 is approximately \$5,366,645 (this is a renewal of millage that will expire with the 2020 tax levy)?

Go to the State of Michigan website at <https://mivc.sos.state.mi.us/PublicBallot/Index> view the ballot in full. You may also phone Sylvan Township's Clerk if you have any questions regarding your voter registration or the upcoming election. It might have taken Chelsea a little bit longer than usual to score but in the end it paid off.

The Bulldogs dropped the Pinckney Pirates 32-13. Chelsea improved to 4-0 on the season.

They were down 7-0 when Trent Hill scored on a three-yard run.

Pinckney scored just before the half to extend its lead to 13-6.

In the third quarter Cole Munson ran 32 yards for the score. Af-

ter a missed point they trailed 13-12.

Not much later Griffen Murphy hit Joe Taylor to make it 18-13. Hill scored again on a 48 yard run. Murphy threw to Munson for the two-point conversion to put the locals up 26-13.

The final score was a four-yard scamper by Munson.

The defense of Chelsea was led by Corbin Steele with 11 tackles.

Chelsea football coach Josh Lucas said they have some things to work on: "Little things, like execution,"

Lucas said.

The Bulldogs will face Tecumseh at home tonight.

Thoughts on Tecumseh: "Just picked up their first win of the season against Skyline, they will be ready to go come Friday," Lucas stated.

Everyone is healthy. "We started off slow on offense in the first half but we challenged the guys at halftime to establish the run game and we were able to do that in the 2nd half. I think we outscored them 26-0 in the 2nd half," he said.

# 52 weeks of design

Kitty & Company

By Kitty Golding

Kitty & Company will be conducting a series of short interviews with Chelsea Residents for 52 weeks, bringing to light differing personalities and design styles in our community. Perhaps you will meet someone new through these weekly interviews or perhaps it will be YOU! Stay tuned and follow us

each week – we now introduce you to **Mr. Adam Kovsky.**

**What is your profession and for how long?** I am the managing director at Robin Hills Farms, off M- 52, just north of Chelsea. I set the strategic vision for the company and manage the day to day operations. I have worked for them since 2016 in various forms, in the office and out in the field. I have a business management degree and always dreamt about managing farmland, so I am so fortunate to have this job. Seasonally I work at the Michigan Renais-

sance Festival, juggling fire and knives with the group, Delirio Del Arte.

**Your family members:** My wife- Brogan (Darwin), who manages Agricole.

**People think of me as:** Well - It would be so great if I knew what people thought of me – I am outgoing and enjoy talking to new people.

**When did you move to Chelsea? Where did you live prior to this?** I grew up in Livonia and went to Central Michigan, where I met my wife Brogan. After completing college, I moved to Chelsea, in 2015, in a

Adam at Robin Hills

home on Middle Street by the Fire Station. I had never been to Chelsea before, and I started learning about all these interesting venues that Chelsea sported, and realized what a nice little town it is.

**What do you love about where you currently live?** Our home feels like a place we just go to sleep, because we work so much, but we

have a mix of woods and open spaces on our property and we love the outdoors.

**If you could have a second home anywhere, where would it be?** Costa Rica.

We did an extended stay on various eco farms for three months...it was so educational and interesting and I love the country.

**What three words describe your style?** Simple, Practical and Durable.

**As you think about**

**the home in which you grew up, what elements did you like and do you think you have incorporated some of them in your own home?** I live polar opposite to which I grew up. My childhood was spent in a big house in the suburbs, and now I live in a 190 sq. feet home with a lot of land.

**Who most influenced your design styles?** I have always been creatively minded, and would say my

# St. Louis Center Holds Virtual 60th Anniversary Fundraiser w/Celebrity Host, Former UM Basketball Coach John Beilein

Event advertisement

## From Joseph Yekulis

St. Louis Center in Chelsea, MI is celebrating its long history with a 60th Anniversary Virtual Event at 7:00 p.m. on Thursday October 22, 2020 on Facebook Live ([www.facebook.com/stlouiscenter/](http://www.facebook.com/stlouiscenter/)). Former University of Michigan Basketball Head Coach John Beilein will serve as celebrity host. Participants

can virtually join Coach Beilein as he tours the St. Louis Center campus, and they can listen in on a conversation with former players Tim Hardaway, Jr. and Zack Novak; reminiscing about their 2012 visit.

The event will serve as a fundraising opportunity to support the growing needs during the pandemic of St. Louis Center, a residential facility for children, adults and seniors with intellectual and developmental disabilities. Items auto-

graphed by Coach Beilein, including Michigan ball caps, and basketballs, will be available for donations. A dinner for six with Coach Beilein and his wife, Kathleen will also be auctioned off. Advanced bids are being accepted at <https://bit.ly/slc60th-Beilein>. There is no cost to view the event online.

Hardaway has been in the NBA for the past six years and plays for the Dallas Mavericks, while Novak helped lead Michigan to the Big

Ten Championship during the 2011-12 season and was a team captain. They both visited St. Louis Center on June 21, 2012 with Coach Beilein, when they and their teammates held basketball demonstrations and worked with the Center's residents and staff.

At that time, Coach Beilein remarked, "If we can put a smile on the faces of these kids who face so many challenges in their everyday lives, then it's worth the effort on our part to bring them a little bit

of happiness."

St. Louis Center provides residential care for 70 children and adults with intellectual and developmental disabilities, and must raise \$267 per adult resident per day to provide for their care; up from \$230.50 prior to the pandemic. Funds raised will help to offset these increased costs.

In addition, a pre-event Mass of Thanksgiving will be said by the Servants of Charity, a Catholic order of priests who serve as admin-

istrators at St. Louis Center, at 6:30 p.m. The 60th Anniversary Celebration begins at 7:00 p.m.

This fun, fast paced event will also include friends, family members and celebrity supporters popping in to say hello. #### Coaches Comments (Pat Clarke):

"The course was not easy. It was long, rough, and very slow. It made for a good tough workout for anyone. I was very proud of our team! Today's meet was a great effort by the girls. They showed some toughness and pulled through together for a victory over a very tough Pinckney team.

Freshman Trilian Krug led the way for the Dawgs with a 1st place finish with a time of 21:14. Junior Rachel Bullock finished second at 21:19. Senior Captain

Natalie Davies followed in fourth place at 21:35. Freshman Seren Angus finished 7th at 21:59. Finishing out the scoring for the Dawgs was Junior Kate Gaiser in eighth place with a time of 23:12." said Coach Pat Clarke.

We had a lot of good races today as the girls stepped up to the competition."

The Pinckney team is ranked in the top 15 in the state in Division 2. The girl's dual meet record ends at 6-2 for the season. We had some girls sick, hurting, and sore today. We will rest up and recover for our

#### Coach Swager's Comments:

Summer gave us her last gasp today, providing some difficult running conditions. Pinckney lived up to their number 2 ranking in the state with a gutsy performance.

We also ran well but we have a few gaps to make up if we want to achieve at that level. This new course provided a mix of hills, turns, and chipmunks. Gabe Muckle and Connor Zatkovich had

their best effort of the season in spite of the conditions.

We next gear up for the SEC championships, next Saturday 9am at Hudson Mills Metropark. We encourage fans to come out and support fall's most exciting sport! Venues are supposed to keep attendance at 30 percent of capacity ... so I figure that if Hudson Mills can Hold 60,000 people, we should be fine with up to 18,000 fans. So bring your friends, (but not too many). See you there!

# Washtenaw Schools and the Washtenaw County Health Department Issue Joint Call to Action

## From Washtenaw County Health Department

Nearly 30 school administrators representing public school districts, charter schools, and private and independent schools from across Washtenaw County have signed on to a joint letter with the Washtenaw County Health Department urging the broader Washtenaw County community to continue preventing the spread of COVID-19 so schools can proceed with plans to further phase into face-to-face instruction throughout the fall and winter.

“As we return to face-to-face instruction, we want to be sure we are prioritizing the health and safety of our students, families, and staff. With over 50,000 students and 15,000 staff across our schools, health and safety is of utmost importance,” states Washtenaw Intermediate School District (WISD) Interim Superintendent Naomi Norman. “When schools need to unexpectedly transition from open to closed to open again due to positive COVID-19 cases, it puts a burden on students, families, staff, and our broader community. We are taking safety very seriously by providing remote options and enacting strict protocols within our schools, but bringing students back is dependent on how well we can collectively adhere to the recommended safety protocols.”

Schools across Washtenaw County are in a variety of phases, with some providing fully virtual instruction, some providing face-to-face instruction, and some offering a hybrid of the two. Washtenaw County schools and the Washtenaw County Health Department have been working together to closely monitor COVID-19 trends,

data, and best practices locally and regionally, as well as monitoring situations at schools across the state that have returned to full, in-person instruction.

“Across the state, we have seen COVID-19 outbreaks at schools and in communities force classrooms or athletic teams to quarantine and, in some cases, entire schools to temporarily close and transition overnight to fully remote learning environments,” said Jimena Loveluck, Health Officer for the Washtenaw County Health Department. “We’re asking everyone in Washtenaw County to do their part to keep the spread of illness low. We know consistent use of face coverings, distancing, hand cleaning and full cooperation with health officials slows the spread of illness and prevents additional cases. With continued cooperation, we can continue doing things we love as safely as possible and keeping in mind that COVID-19 continues to circulate in our communities.”

### Their joint letter states:

“To our community,

You are with us through it all. You are with us on the football field and at volleyball matches. You support the band boosters and you volunteer for field trips. You help us in our classrooms and you donate school supplies each fall. All of this looks different now because of COVID-19, but with your help, we can all return to school as safely as possible and while protecting everyone’s health to the greatest degree possible.

We miss each of our students, from our youngest learners to our seniors preparing for graduation this spring. We know this year has been harder and more challenging than any other, and we

are eternally grateful for all of your continued support, patience, and unwavering commitment to our schools. We are eager to fully return to school and we know you and your children are too.

In order for us to all return to school this fall and winter, we are asking everyone in our community to do what it takes to minimize the spread of COVID-19 by taking the following actions:

### Get Your Flu Vaccine

Everyone six months and older needs a flu vaccine, especially this year. Widespread flu vaccination will reduce the spread of flu during the COVID pandemic and help prevent serious illness as much as possible. It also reduces the chances of people becoming infected with both flu and COVID-19 at the same time. Contact your healthcare provider or pharmacist for more information on getting vaccinated or click here for a list of upcoming flu vaccine events.

### Wear Your Face Covering

Wearing a face covering is one of the most effective ways to minimize the spread of COVID-19, which may be spread by people who are not showing symptoms. The virus spreads easily between people through respiratory droplets when an infected person coughs, sneezes, talks, or yells.

### Social Distancing

Social distancing, or staying at least 6 feet away from people you do not live with, is another effective strategy that will help prevent the spread of COVID-19. Being outdoors in an open space is safer, and the Washtenaw County Health Department recommends avoiding being in small rooms with poor airflow with non-household members. This means

no indoor parties, sleepovers, or other social get-togethers with non-household members where there is poor ventilation or closed windows.

### Practice Good Hygiene

Wash your hands frequently with soap and water for at least 20 seconds or use hand sanitizer if you do not have soap and water. Avoid touching your face and mouth, and cover your coughs and sneezes.

### Monitor Your Symptoms and Stay Home If You Feel Under the Weather

People with COVID-19 may have many different symptoms that range in severity. Common symptoms include fever, cough (not attributed to allergies or asthma), shortness of breath, runny nose or sore throat, muscle aches, severe tiredness, chills, new loss of taste or smell, or diarrhea.

### If you or your child are experiencing any of these symptoms, even mild ones, stay home.

Manage symptoms with fever-reducing medicine, stay hydrated and eat when you can, and stay away from people and pets in your household. Call your doctor if symptoms keep getting worse or call 9-1-1 if you have difficulty breathing, chest pain, or if you are feeling light-headed or unstable.

### Cooperate Fully with Case Investigation and Contact Tracing

Remember the virus that causes COVID-19 continues to circulate locally. Cases can and do occur. Cooperating with public health guidance is the best way for us to stop any additional spread once a case has been identified. This means responding promptly to school and health officials and answering questions honestly - to protect every-

one’s health.

Please remember that not everyone infected with COVID-19 shows or feels symptoms, which is why getting a flu shot, wearing a face mask, social distancing, practicing good hygiene habits, cooperating with case investigation and contact tracing are all critical to keeping yourself, your loved ones, and those around you safe and healthy.

As educators, we are truly excited to see all of our students again! Over the last few months, we have watched and learned important lessons from other school communities who have returned to varying levels of face-to-face instruction. We have carefully planned to ensure our classrooms are safe, healthy, and welcoming learning environments ready for students and staff.

Our schools are microcosms of our larger community – **the success of all our schools is dependent on what happens both inside and outside of the classroom.** We hope you will join us in taking the above precautions so we can all return to school together.

52 weeks of design

Kitty Eder Company

The tiny home he built. Photos submitted by Adam Kovsky

► continued from page 4 experiences have been more influential in my life than a person, at least in relation to design. Being a boy scout my whole life, and the excursions I have been able to participate in have taught me that I don't need a whole lot to get by.

**What are you most inspired by in your design/decor?** My experience in building our home is that you have to decide where all things go. Every detail counts and has to be thought about from the start to finish. The function of each space is very important, so in a nutshell, function is my answer.

**When entering your home, how do you want it to feel?** Without being too boring with my use of adjectives, I think it should be warm and welcoming and set up for interesting tactile interactions.

**What is one trend in design you do NOT like?** Honestly, I don't pay that much attention to trends!

**Have you ever built a new home or remodeled an existing one?** I built a 190 sq. foot tiny home on wheels. It is situated on a twenty four foot by eight foot flatbed trailer. Our home is solar powered, off the grid, and all our appliances operate on propane.

**Did you seek help in the building/planning of your home?**

My friend, Brent Koors, who has a construction management degree helped me a lot. I have learned everything from people like him, and or taught myself through trial and error and You-Tube videos. The first building project I completed was building two fourteen-foot wooden canoes for the Dragon Boat Festival and three years later I was building my home.

**Which room in your home gets the most use?** I would love to be sleeping more and say our loft, but really it is the kitchen.

**Is there anything you regret in building your home?** I didn't realize how expensive windows are, so if I could do this project over, I would have bought all my windows ahead of time, in clearance sales at Chelsea Lumber and then built my home around the window sizes I had. As it stands, we have really good windows and they are all awning style, so I love that we can have them open during the rain.

**If you were moving and could only pick one item from your home to keep, which would it be and why?** My banjo – I play a little bit.

**If you were given \$1,000 to buy a new piece of art, what would it be?**

Something from Lindsey Dahl (Wild Feather Studios) for

sure, I love her style and art. \*Lindsey was a former interviewee in this series\*

**No room is complete without:** A comfortable place to sit.

**I tend to be:** A minimalist – I just don't collect much. I am constantly getting rid of things.

**What did you do to pass the time during the COVID-19 State shutdown?** I kept all the trails open at Robin Hills Farms so people could enjoy the outside. I planned for some meal kits and drinks to go and we have been taking advantage of the patio use now for most of the summer. Our plans are to keep it open all year long. We have just added a bunch of heaters outdoors to keep guests warm and enjoying the outdoor environment at the same time. I am really thankful for all the support that we have had from our community, bikers from the DTE trail and neighboring towns as well that have continued to come out to our gatherings.

**A few of your favorite things!**

**Historical Place You Have Visited-** When in boy scouts, we went to a Civil War Battlefield, where I found an old bullet. I still have it!

**Season- Fall Song, Artist or style of Music-** Right now- The Devil Makes Three (a blue-grass, folksy type style)

**Food-** Pizza or Wesley's Catering Leftovers

**Bucket List Travel Destination-** The Upper Peninsula

**Things to Collect-** Brogan is a collector, but if I haven't touched it or used something in a year, I get rid of it. Things need to be useful.

**Museum-** The City Museum in St. Louis, Missouri (look it up!)

**Item on a bookshelf-** Books, I just finished reading A Brave New World, by Aldous Huxley.

**Color-** Blue  
**Hobbies-** Juggling, music, reading

**Tree -** Beechnut Tree - they grow well in Michigan- and are currently endangered

**Pets -**  
1. Dogs – Royce

**Kitty's Notes:** It was fun to get to know Adam a bit more. I just met him this year through Robin Hill's Thursday nights and through some venue wedding planning with my son and his fiancé. Adam is passionate about the outdoors,

land and the resourcefulness of it. He seems destined to be doing exactly what he does for Robin Hills Farms. Who would have thought a boy from the suburbs of Detroit, would now be working in the business of land and agriculture? He has a lot of talents up his sleeves – I mean,

juggling with fire and knives? Look up his talent group and see about hiring them for your next birthday party! That will be the talk of the evening! He mentioned perhaps bringing the show to Robin Hills one evening, and I hope he does, I think it will be a sellout.
