FRIDA'S GARDEN: OFRENDAS

MAKE AN OFRENDA AS A TRIBUTE TO A LOST LOVED ONE.

In honor of our current traveling exhibit, Frida's Garden, we'll learn from artist Lisa DiGioia-Nutini about how to make an ofrenda (altar) for a lost loved one. Some supplies provided - bring your own photos and a small box to make your ofrenda in.

Tuesday, March 01
6:00pm - 8:00pm

Chelsea District Library
Zoom, Large Study Room

Tis the season to be S.A.D.

Two weeks ago Michigan had its first real taste of winter. Snow days and slippery roads. Shoveling and plowing of streets. A part of winter starts when there is less light during the day, cloudy skies, and cold weather. Getting out for many is difficult if not impossible. And for most it is not pleasant. Snow birds flee to the south where the temperatures are more inviting and the sun more abundant. But alas some of us are stuck.

In the old days the phrase Cabin fever was used to describe being confined due to inclement weather. This also accurate to the isolation during COVID.

“The psychological symptoms that a person may experience when they

are confined to their home for extended periods. Such symptoms may include feelings of restlessness, irritability, and loneliness. Jun 9, 2020” (author unknown).

Seasonal Affective Disorder or SAD, is a clinical term to describe cabin fever. It usually appears in bouts of sadness, irritability, restlessness, and frustration. For many the way to decrease the effects of winter is to get active. Take up winter sports such as cross country skiing or hiking, snow shoeing, or riding fat tire bikes. Even if it is cloudy outside, you still will get some benefit from getting outside. Also getting involved in a group indoor sport such as volleyball may help. I have also

heard that moderate use of a tanning bed has been effective. Others have found that a supplement of vitamin D and a B 12 complex along with healthy eating decreases the effects. If it becomes severe, a visit to your Primary Care Physician (PCP) to talk about an SSRI anti-depressant may be an answer for you.

SAD is not long term for most. It usually decreases in intensity around spring or if you can get away to somewhere warm. However if your sadness becomes worse despite trying the above, or continues into spring, please see your PCP.

Michael Patterson, LMSW, Namaste Family Services, Chelsea

American 1 Credit Union announces 2022 Scholarship availability for high School seniors

Deadline: April 8

From: Janelle Merritt

American 1 Credit Union pledged \$16,000 to the Community Involvement Scholarship Program to 16 high school students in 2022.

Funded by American 1's Skip-a-Pay program, the scholarship program has been going strong since 2004. Skip-a-Pay allows credit union members to skip one month's loan payment for a fee of \$25, and a portion of the fee funds the scholarship program.

Last year, American 1 exceeded \$200K

in scholarships to 208 students.

“It's exhilarating that we crossed that \$200,000 milestone with our scholarship program last year,” said Janelle Merritt, Vice President of Community Partnerships at American 1. “I'm looking forward to another year and seeing another group of hard-working recipients this year! We truly value giving back at American 1, and education and helping the youth in our community are especially exciting opportunities for us.”

Scholarship appli-

cations are due April 8, 2022. For more information and an application, visit www.american1cu.org/scholarships

Established in 1950, American 1 Credit Union today serves over 60,000 members with branches in Jackson, Washtenaw, Hillsdale, Calhoun, Lenawee, and Wayne counties. American 1 is proud to serve the members of their communities by creating financial wellness through personal everyday banking.

Coming to Chelsea Henry Ford Medical Center Spring 2022

Frida Kahlo's Garden at the Chelsea District Library

Photos By Aimee Bingham Osinski

By Aimee Bingham Osinski
anbingham@gmail.com

February 1st - March 16th in the McKune Room of the Chelsea District Library is the Frida Kahlo's Garden Art Exhibition. The exhibition closes a half hour prior to the library, so be sure to arrive at least an hour prior to close so you can spend some time learning, reading and interacting with the exhibit.

The exhibition happened because of the National Endowment for the Hu-

manites. Frida Kahlo's Garden is adapted from the exhibition, Frida Kahlo: Art, Garden, Life, organized by guest curator Adriana Zavala at the New York Botanical Garden. It was adapted and toured for the NEH on the road by mid-America Arts Alliance.

I walked into the exhibit knowing almost nothing about Frida, other than her pop culture adulation. I knew about her relationship with Diego Rivera and saw his De-

troit murals. I know her face and eyebrows but that's about all I know of her. As I walked up the stairs, I saw a line of cactus, a cactus fence at the entrance. I learned immediately that Frida drew inspiration from nature. She kept a menagerie of animals including hairless dogs and monkey's in her garden. "I paint flowers so they will not die," states Frida Kahlo. When I saw this quote by her, I felt an immediate kinship. Cut flowers, which

girls are supposed to love, make me sad because they're going to wilt and die quickly. I think if Frida ever painted me a bouquet, I'd love it beyond measure. The traveling exhibit offers so much to learn and has some interactive displays. I learned that Frida not only took an interest in nature but in creating hybrid organisms. One of the interactive features was magnets featuring animals and plants cut in half. We were able to create hybrid organisms.

The portrait on display that touched me the most as a viewer was the self portrait of a woman divided in half. Frida had lost a baby to miscarriage and painted herself divided in half. One was of her as a mother, her tears, the blood and the baby she lost. The other half was her as a painter. Many of us may have never experienced the grief that inspired the work, but we can relate to the feeling of being divided in half. We are one half mother and one half the career or passion that defines us.

it the Chelsea District Library lately, I encourage you to take in this wonderful exhibit. I encouraged both my sons to bring dates to see it and enjoy a nice dinner in the area afterwards. If you're looking for a nice evening to enjoy, head over to the library, take in the exhibit and enjoy a local restaurant while you're in town. Frida Kahlo's Garden is an exhibit not to be missed at the Chelsea District Library. It's running through March 16th in the McKune room.

Maxine's Table in Chelsea: Simply Delightful & Delicious

continued from page 1 more about their business. Read on to learn more about them and all things delicious!

Chelsea Guardian: Provide some background information on Maxine's Table, how long you have been in business, where did the idea come from for Maxine's?

Andi & Brooke: Our concept for Maxine's Table was based on our combined interests and assets. We're both stay at home moms that enjoy a glass of wine and a delicious cheese board, so the idea came from the things we enjoyed and were interested in. Brooke handles all things business related, sourcing,

and shopping, while I work on our food styling, workshop creation, and social presence. Together our assets really compliment each other to create gorgeous boards at reasonable prices. Our name is derived from my late grandmother, who taught me everything about entertaining and we've been in business for 14 months now.

CG: Why did you choose to open the business in Chelsea?

A&B: We had both relocated here around the same time and we met by chance as Chelsea newbies. We're both raising kids in this community and truly love all of the local collaborations that we're a part of. We're super proud

to own a business in this town and to support so many other local establishments.

CG: What is your favorite thing about owning your own business?

A&B: The evolution. The evolution of our boards as well as our goals. To look at our first offerings to our current is a true transformation. We're focused on more workshops, collaborations, and events now as well. We're hopeful that we'll be able to do larger workshops and events in the future, and watching how we are evolving during this time has been incredible.

CG: What are some things you love about Chelsea and about having a business in Chelsea?

A&B: We love the support of this community. As a small business that opened during the pandemic, the response from Chelsea has far exceeded our expectations. We love that we're able to use local ingredients and source locally, as well as create a lot of awesome collaborations. We're beyond grateful for how this community has greeted our ideas and offerings.

CG: What characteristics do you feel set you apart from similar businesses in the area?

A&B: We work to create actual works of art. My education, career, and entire life has been dedicated to art and design, so combined with my foodie passion we

work to elevate what someone can create on their own. Anyone can watch a tutorial video and create a charcuterie board, our presentation and pairings are what set us apart from others trying to do the same. In teaching our workshops we want to teach you how to create OUR works of art, and in our collaborations with other companies we want to showcase their products AS art. We're not just creating tasty trays, we're making beautiful displays that you can be proud to present.

CG: Any other special facts or information you would like the Chelsea community to know (are you involved in any community projects,

fundraisers, etc)?

A&B: We recently completed a tip donation month to Faith in Action of Chelsea and will be doing that again soon. We also have an upcoming workshop at River Raisin Distillery called "Sham"Rock" Your Charcuterie on Wednesday, March 16th which you can register for online at <https://www.maxinestable.com/charcuterie/p/sham-rockyourcharcuterie> and we'll be teaching some charcuterie tips and tricks, enjoying local spirits and having a great time!

For more information on Maxine's Table visit their website at maxinestable.com or their Facebook page at facebook.com/maxinestable.

CHELSEA ATHLETICS

CHELSEA'S CECILIA HENRIKSEN LOVES TO PLAY FOR WASHTENAW UNITED

► continued from page 1
By Charla Hamilton
charlachelseaguardian@gmail.com

Washtenaw United High School Girls' Hockey team has many standout players who love the sport. One such player is Cecilia Henriksen. Read on to find out more about this talented athlete!

Age: 16

Position/Positions Played: Center/forward.

How long have you been playing and how did you first get involved with the sport?

I have been playing hockey and skating since I was about 7, so for 9 years. My dad

was the one who really pushed me to try and play.

Favorite memories from playing? I always enjoyed having tournaments that were far enough away that our whole team stays in a hotel together, it's always fun to have that level of bonding with your teammates!

Siblings/Parents Names: I have a younger sister named Sasha, and my parents are Andy and Jennifer, I also have a dog named Hazel.

Hobbies: I really enjoy being active playing hockey and volleyball, I also spend a lot of

time with my sister and we have a very close relationship!

Future plans: College plans...do you plan on playing in college, etc? I definitely want to try to play in college, and I'm working my hardest to push myself in order to make that happen.

For more information on the Washtenaw United High School Girls' Hockey Team visit their Facebook page at <https://www.facebook.com/WUHSGirlsHockey/> or their website at <https://www.migirlshshockey.org/page/show/6748460-washtenaw>.

CHELSEA'S TRISTA SCHREIBER-TRACY SHOWCASING HER TALENTS ON WASHTENAW UNITED

► continued from page 1
I've been skating since age 5 and after getting first place in a competition, I told my mom and my coach, Coach Katie, that I wanted to play hockey. Coach Katie talked with my mom and suggested that my mom allow me to follow my hockey dreams.

Favorite memories from playing? I have had two shut-outs this season and during my second shut-out I also got an assist! Winning leagues during the end of my second year 10U with Kensington Valley Ravens is another.

Favorite teachers and coaches? My favorite teachers in elementary school were Mrs. McGuire, Mr. Schumann, and Mrs. Caselli. My current favorite teachers are Mrs. Yee, Mrs. Beck, and Mr. Orlandi. My favorite coaches are Coach AT at Chelsea High school and my current coach, Coach Adam. My figure skating coach, Coach Katie, and my other favorites are Coach Craig, and of course Coach John,

who gave me my first chance with playing goalie and put in extra hours to teach me how to play in net.

Siblings/Parents Names: My parents are Greg and Kelley Tracy. I have a 27 year-old half-brother, Tyler, who lives in Salt Lake City. I have a 20 year-old brother, Destri, who attends Eastern and a 3 year-old sister, Kalista. I also have a 15 year-old step-brother, Logan, and a 12 year-old step-sister, Leila, although I don't normally say "half" and "step" because they're my brothers and sisters.

Hobbies: Art Club at Chelsea High School and drawing in general. I like working out, playing sports, and video games.

Future plans: College plans...do you plan on playing in college, etc? I very much plan to play college hockey! I'm in 9th grade so I have time to get this figured out with the help of Coach Sue. I also hope to receive my Varsity Letter

since I play varsity like my teammates at Dexter High School, Milan High School, and Saline High School.

Any awards won? Stats etc: I won leagues and came in runner-up with my second year 10U Kensington Valley Ravens team. I was Chicago Tournament first place winner with my first year 12U Ann Arbor Cougars team. I received MVP and won the Grand Rapids tournament with my second year 12U Little Caesars Black. 3v3 tournament winners on New Year's Eve 2018. I made it to State Semis last March with my second year 14U Little Caesars Black team.

For more information on the Washtenaw United High School Girls' Hockey Team visit their Facebook page at <https://www.facebook.com/WUHSGirlsHockey/> or their website at <https://www.migirlshshockey.org/page/show/6748460-washtenaw>.

WASHTENAW UNITED TAKES INAUGURAL TREE TOWN TROPHY

From: Adam Winters, Head Coach, Washtenaw United High School Girls' Hockey

Washtenaw United put in a stellar performance in the first game of the "Tree Town Trophy" series. The round-robin games in the event were designed to showcase the girls HS hockey teams at Pioneer, Huron/Skyline, and the Washtenaw United. Washtenaw opened the series when they played Pioneer HS on Friday night. Excellent defensive play by United's Chloe Dillen (Saline) and defense Rylee Kennedy

(Milan) and Jillian Eggleston (Dexter) kept Pioneer off the scoreboard for the 1st period. The second period saw intense forechecking by Raegan Kopitsch (Dexter) and timely defensive clears by Julia Berkholz (Dexter). Kopitsch scored with an assist from Eggleston as the period wound down. The third period included a rally from Pioneer, with a goal by Pioneer's Piper Campbell on an assist from Nadia Tuzinsky. But Washtenaw's Cecilia Henriksen (Chelsea) scored with under 4 minutes remaining in the 3rd to give the United a 2-1

lead. Pioneer took two penalties in the last 2 minutes of the game to give Washtenaw the player advantage. Eggleston took two shots on Pioneer's empty net and

was rewarded with a goal with only 10 seconds left in the 3rd. Washtenaw's goaltender, Julia Scarcella (Saline), stopped 16 shots while the United recorded 27 shots on Pioneer's Maddie Grand. The final score was Washtenaw 3, Pioneer 1. Saturday, Pioneer matched up with Huron/Skyline at Buhr Park. A goal by Pioneer in the third gave them a 3-2 win over Huron/Skyline.

The last game in the series saw Huron/Skyline hosting Washtenaw United

at Buhr Park Sunday afternoon. Washtenaw's Raegan Kopitsch (Dexter) scored the first goal with an assist from Sydney Clark (Saline). Skyline came back to score two goals in the 1st period and another two goals in the 2nd to take a commanding 4-1 lead. Washtenaw United, however, came back energized from the intermission and Clark scored a goal, unassisted, at the start of the 3rd period. Washtenaw's Clark scored again a few minutes later, with

an assist from Chloe Dillen (Saline). A late push by the United's Julia Berkholz (Dexter) gave the United hope that they would tie the game, but Huron/Skyline's goaltender stood tall. The game ended with Huron/Skyline winning 4 - 3 over Washtenaw. Julia Scarcella, in goal again for the United, made 33 saves.

With the three teams all posting one win and one loss a piece, the trophy went to Washtenaw United on the goal difference - **continued on page 8**

Mario Zuniga Gil has made the decision to resign as the head varsity soccer coach. Mario has done a tremendous job as our coach and we appreciate his work with our athletes and soccer program. Last fall Mario was named as an assistant coach in the University of Michigan women's soccer program. He worked very hard to balance both responsibilities at Michigan and Chelsea. However, he made the decision to pursue his goal of being a full-time college soccer coach. We wish Coach Zuniga-Gil nothing but the best moving forward.

Washtenaw County Health Department Announces Updates to Local Orders

COVID-19 orders for K12 educational settings lifted effective February 28

From: Susan Ringler Cerniglia, MPH, Public Information Officer, Washtenaw County Health Department

Washtenaw County Health Department will lift its remaining COVID-19 health orders in K-12 educational settings effective Feb 28. This includes two orders, one requiring masks, and another for isolation and quarantine. Since these orders were issued, pandemic conditions have changed considerably. Universal masking remains strongly recommended in K-12 educational settings and provides an additional layer of protection, especially when high-quality masks are used consistently in indoor settings. Current orders remain in effect until Feb 28.

Students who test positive or are exposed as close contacts will continue to be excluded from school under the Michigan Public Health Code and existing administrative rules.

The orders were issued in September 2021 and prior to the omicron variant. While they were set to remain in place based on CDC COVID Data Tracker of "substantial" or "high," conditions have changed enough to warrant rescinding them. Local COVID-19 vaccination rates among school-age children are the highest in the state. Layering protective strategies remains critical to maintaining in-person learning and protecting health. Masking, which continues to be recommended, is only one of multiple strategies available.

"Local health or-

ders have been necessary during the pandemic, and these orders have helped protect in-person learning, critical health care capacity, and overall health," says Jimena Loveluck, MSW, health officer with Washtenaw County Health Department.

"We are in a different place now. We can offer more flexibility while we continue to provide appropriate guidance and work with our local schools to protect health, prevent spread, and maintain in-person learning as safely as possible," continues Loveluck.

Local cases have declined sharply since peaking in early January. Hospitalizations and deaths have also declined but continue to be reported. Transmission in Washtenaw is still considered high, but local health systems report improved capacity. School-only orders have also become less effective during the omicron surge because school is only a small part of potential or overall community exposures and the variant is significantly more transmissible.

Both the U.S. Centers for Disease Control and Prevention (CDC) and the Michigan Department of Health and Human Services (MDHHS) recommend universal indoor masking by all students (ages 2 and older), staff, teachers, and visitors to K-12 schools, regardless of vaccination status. Masking indoors and in crowded settings continues to be recommended by the CDC, the MDHHS, and other health authorities and is required on public transportation, including

school buses. Washtenaw County Health Department continues to strongly recommend wearing a high-quality, well-fitted mask in public indoor settings, including schools.

"Importantly, our local orders remain in full force until the end of the month," confirms Ruth Kraut, MPH, deputy health officer with Washtenaw County Health Department. "Before the planned changes take place, we will provide updated school guidance. Masks will be required when students or staff have had close contact with someone who has COVID or are returning from COVID isolation. Under federal orders, masks continue to be required on public transportation and school buses."

Health Department recommendations are supported by scientific data and public health expertise. They should be used to guide decision-making during a pandemic without the need for additional state or local orders. This is the traditional role of public health authorities, which generally do not have the resources to monitor or enforce broad mandates.

At the same time, the COVID-19 virus continues to be unpredictable. Future variants could emerge and cause widespread, serious illness requiring new emergency actions.

Prevention

Omicron is more easily transmitted and is still circulating at lower levels locally. Everyone should use the effective strategies available to them to prevent and reduce the spread of illness:

- Wear a well-fitting face mask in indoor public spaces. (A multilayer, surgical, KN95, or N95 mask is recommended rather than a cloth mask. A cloth mask is better than no mask.)

- Get vaccinated or boosted when eligible (<https://vaccinefinder.org>).

- Seek testing if feeling ill, or if you have been exposed (if you have been exposed but don't have symptoms, wait 5 days before testing).

- Stay away from others if you are feeling ill, waiting for test results, or have tested positive (www.washtenaw.org/covid-19whattodo).

- Avoid crowded areas or events.

- If seeing others, increase ventilation (meet outside, open windows, increase air flow), limit the number of people, encourage everyone to be up to date on vaccinations, keep at least 6 feet apart, and wear a well-fitting mask (espe-

cially if indoors).

- Clean hands frequently.

COVID-19 Vaccination

Anyone eligible but not yet vaccinated or boosted against COVID should do so as soon as possible. Vaccination is safe, effective, free, and available at multiple community locations. COVID-19 vaccines are preventing people from getting seriously ill, hospitalized, and dying. Everyone 5 years old and older can get vaccinated to protect themselves from the most serious impacts of COVID.

In Washtenaw County, nearly 72% of all residents 5 and up are fully vaccinated. Over 71% of people 65+ have gotten their booster. We are leading the state with our vaccination rate for kids: over 57% of children 5-11 have gotten at least one dose of COVID-19 vaccine in Washtenaw.

Appointments for vaccinations are available at the Health Department. If assistance

is needed, call us to make an appointment (734-544-6700) or email for help (health@washtenaw.org).

Local COVID information and updates are always available at www.washtenaw.org/covid19. The Health Department also provides frequent social media updates (@wcpubhealth) and sends regular email updates, sign up at <http://bit.ly/WCHD555>.

Washtenaw County Health Department

The Washtenaw County Health Department promotes health and works to prevent disease and injury in our community, including responding to health emergencies like the COVID-19 pandemic. Our mission is to assure, in partnership with the community, the conditions necessary for people to live healthy lives through prevention and protection programs. Visit us at washtenaw.org/health or call 734-544-6700.

WASHTENAW UNITED TAKES INAUGURAL TREE TOWN TROPHY

► continued from page 6
 tial from their Friday matchup with Pioneer. “We’re excited to win the inaugural round.” Washtenaw’s coach Adam Winters said post-game, “And we look forward to many years of rivalries with our sister programs across Ann Arbor.”

Next up for Washtenaw United is a game Tuesday night (2/15) at 6:30 p.m. vs. Sacred Heart at the Ann Arbor Ice Cube. Saturday, 2/19, is Washtenaw’s Sr. Night with the ceremonies starting at 2:30 p.m. at the Ann Arbor Ice Cube. The event recognizes seniors Reese Caryl (Saline), Jillian Eggleston (Dexter), Makenna Lupi (Saline) and

Julia Scarcella (Saline). Washtenaw will play the affiliate team, Mid-Michigan, once the ceremony has concluded. The United will have two remaining games to their season - a league matchup against Livingston and a trip to Grand Rapids to play their 19U team. Playoffs for the MGHSHL begin March 3rd at Eddie Edgar arena in Livonia.

INFORMATIONAL ADDENDUM: Washtenaw United is a High School Girls’ Hockey Team skating out of the Ann Arbor Ice Cube. The team serves High Schools within Washtenaw County that do not have a dedicated team to play for. Currently,

Pioneer and the combined Skyline-Huron have dedicated teams. Washtenaw United is made up of players from Saline, Dexter, Chelsea and Milan. The team is in its second year of play as a member of the Michigan Girls High School Hockey League (MGHSHL).

Chelsea State Bank Partners with Schissler Certified Payments Consultants

Chelsea State Bank is pleased to announce a new partnership with President Mark Schissler, ETA-CPP of Schissler Certified Payments Consultants to handle Merchant Services for the Bank’s business customers.

“We are pleased to partner with Mark Schissler,” said Chelsea State Bank President and CEO Joanne Rau. “Mark, a Certified Payments Professional, has over

28 years of banking expertise, with the last eight years specializing in the Merchant Services area. Schissler Certified Payments Consults provides transparent and fair pricing, along with excellent service – all things our business customers expect and appreciate.

“As the local community bank, our Merchant Services Program must provide our business customers with the most efficient payment processing,” said Rau. “Our new Program will help our customers reduce their operating costs, improve cash flow and

minimize exposure to fraud and risk.”

About Chelsea State Bank

Chelsea State Bank is a full-service financial institution with offices in Chelsea and Dexter. The Bank was formed 125 years ago by local business leaders to provide timely financial solutions to individuals, families, farmers, and businesses in the community. This tradition of community service continues today. For more information, please call 734.475.1355 or visit www.chelseastatebank.com. Member FDIC.
